## TO WHOMSOEVER IT MAY CONCERN

This is to certify that we have been regularly using CT's, PT's, Battery Banks and Panels of various capacities supplied by M/s Electricfield Company, Gangyal, Jammu for our various grid-station works for the past five years. The equipment is very reliable and comparable with the best. Their after-sales on-site services is also highly impressive.

We wish them the best of luck and hope they remain as consistent, giving a continuously reliable product.

For Usha Electricals (India)
